Un omaggio al marmo di Carrara, ma anche alle forme, alle proporzioni perfette e alla cura del dettaglio del minimalismo. La collezione Fontane Bianche di Elisa Ossino per Salvatori, presentata durante l'ultima Design Week nel flagship store di Brera, ha riletto le linee dell'ambiente bagno proponendole con installazioni suggestive. Lavabi dalle geometrie essenziali, messi in scena come solisti oppure abbinati a cassetti rivestiti in pietra, mobili pensili liberamente configurabili e raffinati rubinetti finiti in peltro. www.salvatori.it, www.elisaossino.it
